CAMP RYLA
ROTARY YOUTH LEADERSHIP AWARDS
A PROJECT OF DISTRICTS 544 and 545
OF ROTARY INTERNATIONAL

JUNE 4, 1989

TO: COMMITTEE MEMBERS

SUBJECT: RYLA CONFERENCE REGISTRATION STATUS REPORT

With the two District Rotary Conferences coming up, I thought it best to share the facts with all and the facts are super we reached the goal that was set last fall. Attrition will reduce our final number but we should still end up with a good increase over 1988.

While the enclosed MASTER SHEETS tell the whole story if you can follow all of my notations, here are some of the key highlights:

70 Clubs are sending youth (this includes 6 clubs from District 547)

All but 3 clubs have everything in, these 3 are: Denver Cherry Creek, Raton and Evergreen

144 youth are registered:	District	Youth	Male	%	Female	%
	Clubs					
	544	35	73	31	42	42
	545	29	63	24	38	39
	547	6	8	3	38	5
	70	144	58	40	86	60

8 Scholarships were given (4 full and 4 partial)

0 means 0 after a club name. Every club has been contacted at least once some a zillion times to a zillion different Rotarians!!

With a June 15 return deadline, 60 formal applications/health history forms have already been returned to me. 5-6 per day are received so I hope the follow-up calls to delinquents will be to a minimum

Only problems encountered in the registration process to date are when people don't read or follow instructions so, what else is new!!

A concern to be addressed for next year relates to the male/female mix

If numbers and club involvement in RYLA are important factors in a successful RYLA CONFERENCE for 1989, we are on our way to a SUPER WEEK.

YES, WE DONE GOOD. TAKE A BOW AND GIVE YOURSELF A PAT ON THE BACK.

Warren
